LEASED FOR RACING

Lake Racing Association
Will Give Spring and Fall
Meetings.

MURRAY IS MANAGER
AND STARTER OF RACES

Will Leave for Pacific Coast in
Few Days to Secure
Horses.

The Salt Lake Racing association secured a lease Tuesday afternoon for the Wandamere park half-mile horse track for the purpose of holding spring and fall racing meetings. Mr. W. M. Murray, who successfully managed the five-weeks' meeting on the fair association track last fall, will be the manager of the meeting and the starter.

Mr. Murray came here a few days ago and through his personal and honest dealing he made friends with the owners and the horsemen so confident that he will be able to

a success of the proposed spring and fall meetings. The first is scheduled for May 1 and continues for several days or longer, and the fall season will open September 5 and continue for twenty-two days, or longer. Improvements will be made on the track and buildings. Two hundred and thirty stalls and a paddock will be built, the work to begin next week. The contract will be let to the lowest bidder. After visiting the track Murray, who is an experienced horseman, said that he was surprised with the condition of the track and is confident that with the string of horses he has here he will break a number of the world's half-mile track records. He said that the Wandamere track was without doubt the fastest he has ever seen.

Mr. Murray will leave in a few days for Frisco and Los Angeles to secure horses and confer with his associates in regard to the spring meet. He will also make efforts to secure several harness events, probably one race for each day.

Baseball Magazine Arrives.

The arrival of the last addition of the baseball magazine was joyfully received by the fans, and according to reports from those who read it, the last copy contains more than any heretofore sent out from the press. Several of the special articles are of great interest, and it is not an unusual thing to find a ball player walking down the street with a copy protruding from his pockets.

CHICAGO WHITE SOX
ARRIVE FOR GAME

Will Line Up Against Salt Lake
at Walker's Park This
Afternoon.

SULLIVAN OR DAVIS
WILL MANAGE REGULARS

Owner Comiskey Not Worrying
Over Attitude of Manager-
Fielder Jones.

Salt Lake fans will be treated to a real article of baseball at Walker's park at 3 o'clock this afternoon, when the second team of the Chicago White Sox, the best second aggregation ever sent out by a major league team, will line up against a team composed of Salt Lake and Ogden players. The White Sox have been meeting with splendid success on the road, and judging from the article of ball played by them on the coast and en route to this city a rare treat is in store for the throngs which will flock to the park to hear the call of the umpire to "play ball" and watch the scariest which both teams will participate in.

The Sox arrived in this city Tuesday evening at 7:30 from Reno and Ogden. The party is composed of twenty men, including P. D. Vroom, representing all the Chicago papers, and J. L. Comiskey, son of the grand "Old Roman," the owner of the team, together with Assistant Secretary Grabner and Scout "Ted" Sullivan. They registered at the Kenyon. All the boys expressed themselves as feeling as good as in midseason, and they promise to play such a game this afternoon that all the fans will be delighted.

Diamond Is Soggy.

The park is not in the best condition for fast playing. The rain of the past couple of days has made the diamond soggy, but Manager Earle Hart and Hausen, Harrison will be given a chance during the game, and either Shannahan or Murphy will be tendered an opportunity to hurl a few of their benders toward the plate. Should McIntosh be in shape, he will catch a part of the time. For Chicago, the Salt Lake boys will go up against two of the best side-wheelers in the country in the persons of "Doc" White and "Handsome" Nick Atrock. The latter, last year's star, will probably do the backstop work, while Shaw, the former Boston American, may catch a part of the contest.

Players on Team.

Comprising the Sox now here are the following: Beall, last year with Jimmy Callahan's Logan Squares of Chicago; he is playing a rattling game at first base and batting for .330. George Davis, the crack second baseman, is managing the team. Dader, who played the outfield for Des Moines last year, is playing a good game at second and batting for .324. He is now laid up with a sprained ankle. Zeider, last year's stop for San Francisco, is proving to be a dandy baserunner, and is fielding his position well. Purcell, utility third baseman for the Sox last year, is being used for the coming third starter of all leagues; he is a wizard at that corner, eats everything that comes his way and bats like a whirlwind. Dalton was captain and right fielder of the University of Virginia team last year. Hannagan played center for Vancouver in the Northwest league last year, and batted for .354. Weldon was with the Sox two years ago, then farmed to Minneapolis, and this year gives promise of making the regular team; he plays left. Shaw is the old Boston American catcher, and a mighty good one. Payne is the former Detroit backstop; he had a row with Hugh Jennings, and waivers were asked; Comiskey snapped him up and he is proving his worth. "Doc" White needs no introduction. Neither does "Nick" Atrock. Both are grand pitchers. Olmstead, with the Boston Americans for two seasons, is doing excellent work in the box, and will be given an opportunity to make the regular staff. Manuel was with the team last year, but was laid up with a sore arm; he is a pitcher, as is Spencer, last year with Burlington, Ia. Lange was the leading pitcher in the Wisconsin league last year.

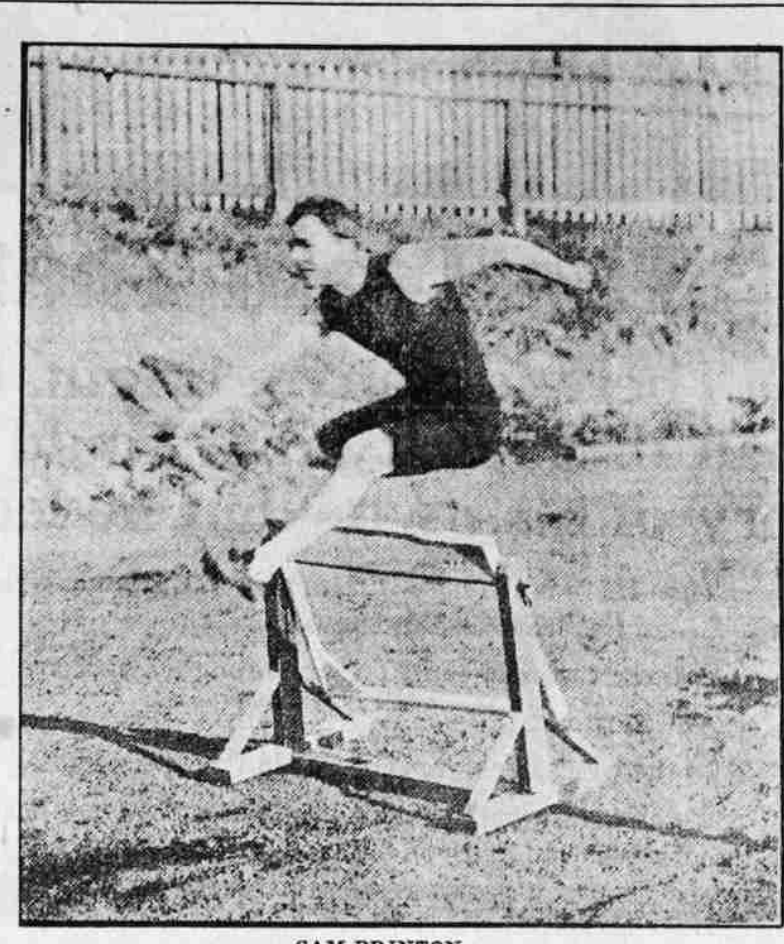

Race for Manager.

Asked who would likely manage the Sox this year, Mr. Comiskey replied that it would either be "Billy" Sullivan, the veteran backstop, or George Davis. The chances, however, seem to favor Sullivan. He added, with a smile, that it is a long time between now and April 1, and he would not be surprised to have Fielder Jones appear and again take up the reins of management, although, he said, neither he nor his father were doing any worrying on this point. He figures the first division team in the American league to be the Sox, Cleveland, Detroit and St. Louis. Boston, he believes, hasn't a chance to finish above sixth or seventh. He figures that Cleveland will not win the pennant. He expects that "Uncle Cy" Young will be a big help, but the fact that Lajoie is a poor manager and that "Cy" will find himself in strange territory with a peculiar team, will cost the club the coveted banner. Naturally, he figures the Sox to win.

STATISTICS OF COMISKEY'S WHITE SOX, 1909

The Chicago White Sox will play a match game with the Salt Lake team on the Walker field today. Owing to the fact of their stopover here, all the local baseball fans are more or less interested in the individual players of the team, and the following statistics of Comiskey's coits will no doubt be of interest to all.

Old Splinters being Ripped Off

Put On.

Manager Heagren said that the surface on the Salt Lake bicycle track would be off in two or three days and the new surface would be immediately put on. Heagren secured a car of red cedar, which is a soft wood and does not run into splinters. The humps in the track will be taken out, which will add two or three seconds to the speed of the racer. Heagren received a letter from Charles H. Stein of Brooklyn, who wishes to come here to race during the present season. Stein was at one time the best amateur rider in the east, but now rides professional and says that he can hold his own, but he wants transportation sent to him. Downing, who knows Stein, says he is a fast man and can deliver the goods.
